PART 3

OFFICER-IN- CHARGE IN THE OFFICE OF THE MUNICIPAL MAYOR

OIC IN THE OFFICE OF THE MUNICIPAL MAYOR

OIC in the Office of the Municipal Mayor as Distinguished from Acting Municipal Mayor

The function of the acting mayor is governed by Section 46 (a) of LGC, while that of the OIC in the Office of the Municipal Mayor is governed by Section 46 (c) of the same Code.

When the Municipal Mayor is temporarily incapacitated to perform his or her duties due to physical or legal reasons, such as leave of absence, travel abroad, and suspension from office, the Municipal Vice-Mayor shall automatically exercise the powers and perform the duties and functions of the Municipal Mayor.

Exempt from the scope of the Municipal Vice-Mayor's functions is the power to appoint, suspend, or dismiss employees, which can only be exercised if the Municipal Mayor's period of temporary incapacity exceeds 30 working days.

If the period exceeds 30 days, the automatic assumption of the Municipal Vice-Mayor as Acting Mayor, even on the first day of temporary incapacity of the Municipal Mayor, is automatic and done by operation of the law. This means that no further order or appointment from the national government or any office is required.

As Acting Municipal Mayor, he or she can exercise all powers and perform all the duties and functions of the Municipal Mayor, subject to limitations provided for in cases of appointment, suspension, or dismissal of employees.

Tasks and Responsibilities: Municipal Mayor

On the other hand, Section 46 (c) of LGC describes a situation where the Municipal Mayor is traveling within the country, but outside his or her territorial jurisdiction, for a period of not exceeding three consecutive days.

In such a case, he or she may designate, in writing, an OIC in the Office of the Municipal Mayor. Such authorization shall specify the powers and functions that the local official concerned shall exercise in the absence of the Municipal Mayor, except the power to appoint, suspend, or dismiss employees.

In this case, it may be noted that the Municipal Mayor can designate an official of the city government as OIC for three consecutive days while he or she is outside his or her territorial jurisdiction but within the country. It should be further noted that in the designation of OIC, there is no temporary vacancy to speak of in the Office of the Municipal Mayor.

The Municipal Mayor may designate the Vice-Mayor or any member of the Sanggunian or any appointive official of the city to act as OIC during his or her absence for three consecutive days.

However, if on the fourth day the Municipal Mayor fails to return to his or her station, Section 46 (d) of the Code will apply. In this case, the Municipal Vice-Mayor shall assume office as Acting Municipal Mayor on the fourth day of absence of the Municipal Mayor, even if the designation of an OIC is beyond three days. This must be so because the designation as OIC is effective only for three days.

II GUIDING QUESTIONS AND SUPPORTING LEGISLATION

Who may be authorized to act as an OIC?

Section 46 (c) of LGC states that the Municipal Mayor may designate in writing any municipal official to act as OIC for three days during his or her absence. The authorization shall specify the powers and functions that the local official shall exercise.

How shall an OIC assume his functions?

Upon presentation of a valid designation in writing, the designated official can assume his or her functions as OIC in the Office of the Municipal Mayor [Section 46 (c), LGC].

Regarding the post of Acting Municipal Mayor, upon the occurrence of any event leading to the temporary incapacity of the Municipal Mayor, either for physical or legal reasons, the Municipal Vice-Mayor automatically assumes the post as Acting Municipal Mayor [Sec. 46 (9a), LGC].

Accordingly, the Acting Municipal Mayor must issue a memorandum, copy furnished depository banks in the LGU, DILG, and other national offices, informing all department heads and employees of the province

Tasks and Responsibilities: Municipal Mayor

of his assumption as Acting Municipal Mayor, and that henceforth, all orders must emanate from him or her.

When shall an OIC cease to act as such?

An OIC shall stop performing his or her functions as such on the fourth day of absence of the Municipal Mayor. This must be so because his or her designation as OIC is effective only during the three consecutive days of absence of the Municipal Mayor, with the latter in a location outside his or her jurisdiction but within the country. On the fourth day, the designation of OIC ceases by operation of law and the Municipal Vice-Mayor automatically assumes the post as Acting Municipal Mayor pursuant to Section 46 (d) of LGC.

May the Municipal Vice Mayor, acting as Municipal Mayor continue to preside over the session of the Sangguniang Bayan?

No. In the case of *Gamboa vs. Aguirre* (G.R. No. 14313, July 20, 1999), the Supreme Court ruled that the Vice-Governor, who is now acting as Acting Governor, cannot anymore continue to preside over the session as this would violate the principle of separation of powers and functions.

The Vice-Governor, in his or her capacity as Acting Governor, is expected to perform full-time his or her executive functions, which include the approval of ordinances. This pronouncement of the Supreme Court equally applies to cities and municipalities.

May the Municipal Vice Mayor, designated as OIC, continue to preside over the session of the Sanggunian?

Yes. The situation is different between the OIC and Acting Municipality Mayor. In the acting capacity, there is a temporary vacancy in the Office of the Municipality Mayor. In OIC capacity, there is no temporary vacancy in the Office of the Municipality Mayor. Moreover, OICs exercise

Officer-in-Charge in the Office of the Municipal Mayor

limited powers only as may be contained in the letter-authorization designating him or her as such.

Hence, if incidentally, the Municipality Vice-Mayor is the designated OIC, he or she can continue to preside over the session of the Sanggunian since the ruling in the Gamboa case will not apply. As an OIC, he or she has no power to perform all the functions and powers of the Municipality Mayor.

More importantly, he or she is not empowered to approve ordinances. Such being the case, the violation of the separation of powers and functions, which the Gamboa ruling sought to avoid, is not present.

May the Municipal Vice Mayor, designated as OIC, appoint officials?

No. Under the Civil Service Commission rules on appointment, an OIC cannot issue an appointment.

What are the tasks and responsibilities of an OIC?

Act or perform in accordance with the authorization given by the Municipal Mayor, such as but not limited to the following tasks:

- Sign and approve vouchers for the payment of salaries of municipal employees

ABOUT THE LOGO

The Department of the Interior and Local Government (DILG) implements the Program for Newly-Elected Officials (NEO), through the Local Government Academy (LGA), to assist newly elected Local Chief Executives (LCEs) in transitioning to their posts, taking responsibilities, and managing their respective LGUs. The program consistently intends to assist NEOs in developing their leadership and transformational capacities.

The Program for NEO primarily aims to develop newly elected officials to be strategic leaders who will guide their local governments towards being more competitive, efficient, and responsive development institutions. It is composed of five (5) components; the first two components aim to aid incoming local officials to ensure smooth transition in their LGUs; and jumpstart local governance upon NEOs' assumption to office, and until the end of their terms. The third component is intended to support the LGUs in developing, enhancing or updating their local plans. The fourth component is composed of interventions to further enhance competencies not only of the elected officials, but also of local functionaries. Finally, the last component aims to assist LGUs for their assessment, and be eligible for LGU awards and incentives.

Anchored on the six (6) LGU Capacity Pillars i.e., Structure, Competency, Leadership, Management Systems, Enabling Policies and Knowledge and Learning, the program envisions to contribute to better quality of life among constituents of local governments as a result of improved leadership and decision-making skills of the newly-elected officials.

The logo takes its cue from the program's new focus on peace and resilience, articulated visually in the elements that build the lettermark itself. The letter N is an abstraction of two individuals forming a union,

which affirms the communal character of peace and resilience-building that requires a whole-of-nation approach. Meanwhile, the letter E is a visual metaphor to resilience, for the bamboo will not cease to stand tall and still even when the strongest wind tires it out. Though often ascribed to how Filipinos bounce back stronger in the context of disasters, the metaphor remains potent in peace-building especially with the grit and indomitable spirit of Filipinos to choose hope during periods of threats and violence. Lastly, the letter O contains a globe insignia to elicit a global character of excellence being pursued in local leadership and governance through the Program for NEO. It also depicts a pair of hands below the globe to evoke a sense of goodwill, support, and care.
